

SATURDAY, OCT. 17, 2020 – GARDEN TOUR & PLANT SALE:

Andy Duvall runs Duvall Nursery, 9950 Dixboro Road, South Lyon. Andy specializes in rare and hard to find small and slow growing woody plants – think choice Japanese maples, unusual dwarf conifers, interesting beeches, viburnums, etc. There are beautiful display gardens around the house and nursery. Not only that, Esther Benedict will be coming to the sale and bringing a great selection of rock garden plants.

PLANT SALE PREPARATIONS for Oct. 17th: If you are a newcomer to our group, you will be surprised at the diversity, number of rarities, and size of our two yearly plant sales. They are one of the best things about being a chapter member, and offer the opportunity to get wonderful and unusual plants at very reasonable prices. Also, the sale is very important to the chapter, as it raises the funds for our excellent speaker program. But because of the size of the sale, we do need to have people try to follow certain rules to make the sale run smoothly and quickly.

The first thing is to start now thinking about what you will propagate and get ready for the sale. Then:

At home:

- 1). Please try to pot or repot plants at least ten days before the sale. Otherwise, the plants may look ragged.
- 2). Please select appropriate plants for the sale. Interesting and unusual alpiners, woodland plants, and small woody plants are ideal. No large, common woody plants, annuals, common perennials, and tropicals, please.
- 3). Before you bring the plants, label each pot, with the name of the plant [scientific name, if known, and cultivar or variety, if known]. On the back of the label put your name and the year. This allows people both at the sale or later to ask you about the plant. It also helps us when setting up the sale to talk to you if, for example, you have missed putting a price on the plant.
- 4). We ask people to price their own plants, and you can price your plants at home, if you like, but please use a separate price label. The price labels are pulled out of the pots by the cashier to expedite adding up the total.

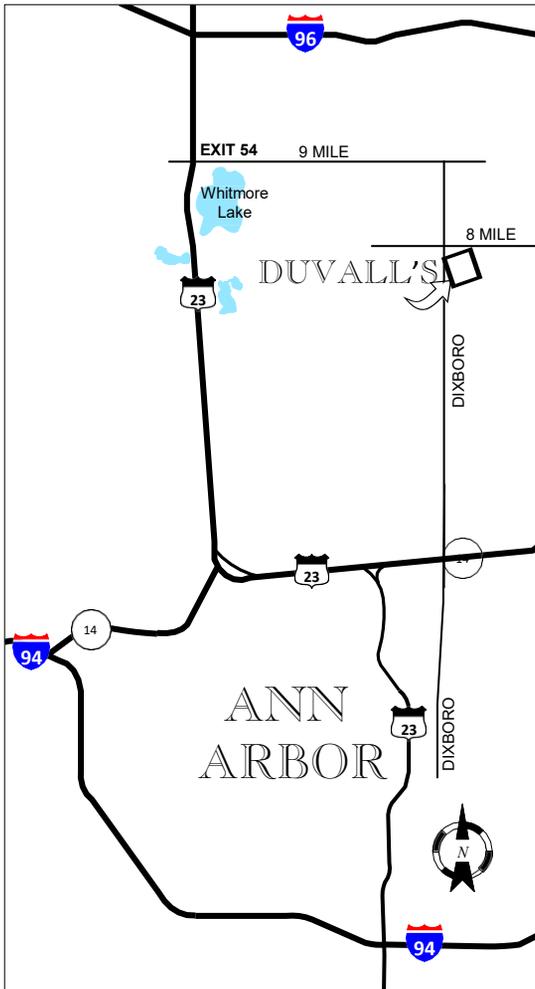

At the sale:

- 1) If you have not priced your plants at home, please use the chapter price labels provided to price each pot. Prices range from \$2 to \$6, but mostly are within the \$2 to \$4 range. Set your plants as close together as possible on the selling tables. You should try to get your plants to the sale a half-hour or so before the sale starts to get them set up and priced, if necessary. The officers will be glad to advise on appropriate pricing.
- 2) Please tell the people running the auction how many plants you brought. For every 10 plants you bring, you earn one Red Label. Each Red Label entitles you to one “First Pick.” This means that those who did not bring plants must stand back and wait for those with Red Labels to make their First Picks. The time for First Pickers to make their choices is limited to 3-5 minutes depending upon the number of First Pick labels given out. Keep in mind that you still have to pay for the plants.
- 3) Please let us know if you think you might have brought a plant or plants that you think might be of “Auction Quality.” These are normally a) exceptionally rare and desirable plants not available commercially, b) plants available only at a very high cost, or c) large, well-grown specimens of highly desirable plants. We try our best to keep the auctions highly selective, and if you have plants selected by the people running the auction to be auctioned, you will get an additional Red Label for each plant.

FALL MEETING: GARDEN TOUR & PLANT SALE

NOON – ca. 3:00 PM

Saturday 17 Oct. 2020

Andy Duvall's
9950 Dixboro Road, South Lyon 48178
(248) 437-4650

From US23 onto Exit 54 East (9 Mile Road) follow 9 Mile to Dixboro Road. Turn Right (South) on Dixboro. Just past 8 Mile Road is the Duvall's on the Left side of the road.

COVID plans for safety this meeting

If you want to eat a lunch while at the meeting, do plan on bringing a chair, so you can sit away from others to safely unmask. Since Andy has a large property, that can safely be done. We will start around noon with people arriving and setting out their plants for the sale, then a brief meeting to announce what's happening, and then have an auction. There will be several choice books to auction as well as plants. We will start the sale around 1:30. There will be two checkouts, so that should help keep things separate. Esther and her plants will be set up behind the garage, the rest of us along either side, and people will circulate in a clockwise direction, keeping their distance and wearing masks. We will have extra masks if anyone forgets or needs to replace theirs. The garage is about the dividing line for the two properties Andy has, so we can try to spread out around it. And everyone will need to talk loudly when we do speak.
